

Student Poster cum Project Presentation Contest

Organized by

IEEE MTTs IIT Delhi SBC

An international workshop on Recent Trends in RF Technologies will be held at RTU, Kota, Rajasthan on 26-27th Feb. 2011. The workshop is being arranged to bring students, scientists, engineers and academicians together to an International forum. Invited talks on recent development in RF and Microwave technologies will be presented by Distinguished invited talk from IIT Faculties and Industry people. During the workshop, we are pleased to organize a Student poster cum project presentation contest on **27th Feb, 2011 between 1.00 - 4.00 PM**. This contest will cover the entire scope of Microwave Engineering, RFID, RFIC, RF-CMOS, MMIC, RF-MEMS, UWB technology, Microwave and Millimeter-wave Systems, Active and Passive Circuits, Antennas & Propagation and EMC/EMI. Prospective participants are invited to submit ***an abstract on original project work or their latest research*** results on above or related topics.

ELIGIBILITY: All IEEE - MTTs student members

- | | |
|--------------------------|--------|
| 1. B.Tech / B.E. / M.Sc. | Cat 01 |
| 2. M.S./ M.Tech. / M.E. | Cat 02 |
| 3. PhD | Cat 03 |

All submissions must be accompanied by a certificate from the faculty supervisor that the activity described is original work carried out by the authors.

Abstract and theme of the project/research work should be submitted (in single page A4 size paper) by **12th Feb, 2011** on the e-mail: ieeemts.iitdsc@gmail.com

Accepted abstracts will be called for Poster Presentation. Participation certificate will be given for the poster presentation in addition to workshop certificate.

Those who are not members, may enroll themselves before 12th Feb 2011 by contacting ieeemts.iitdsc@gmail.com
